## BRIGHT IDEA!

Hang plants from the ceiling as opposed to sticking to the perimeter. On this Andrew Howard-designed porch, a perfect shade of haint blue sets a "Good Times Only" vibe.

“We always had a dining room, but my mom kept a small table in the kitchen as well. It was the place where we ate, did our homework, played games, and talked. We grew up around that table, so now I always try to include a smaller table and banquette in my clients’ homes.”
